## CHAPTER 10 THE SUPREME OBSERVER

He has  
lost all  
sense of  
direction

Because  
of the  
sounds  
he sub-

fighting

\*In reality, cuttlefish are mollusc cephalopods, a family of octopods.

That same year, they compare the entire fish to an "observer" which could send information collected to a kind of "absolute being".

The catfish is made of wood. It is made every where without worrying about the time, the depth or the nature of the water. There are billions of catfishes living in every sea in the world. It is for this reason...

So you're saying... That the catfish is an "observer" with the task of surviving humanity?

Yeah.

An observer who infiltrates the world of humanity to relay information.

That's what the humans want.

I must question him about the other magazine

Teach him our language quickly!

Yes!

What are you scheming Koryu?

But we  
don't  
have a  
cocktail  
much to  
go with  
it...

We do  
have sake.  
Isn't that  
enough?

Hehe.  
I'm  
hungry!

I'm  
brake! I  
don't  
even  
have any  
change  
left!

It wasn't  
a cat! It  
couldn't be  
turned into  
anything!

It is a good  
dog, wouldn't  
you? It's a monster  
and it would make  
it... the ghost  
wouldn't be able  
to haunt us.

I guess we  
shouldn't  
call it that  
dog.  
Yoragata.

Leave it

Lizard!

\*Stories of cat ghosts are common in Japan but this isn't the case for dog ghosts.

for you to  
winter off  
and have your

It's odd-  
ding... I  
don't know  
why I just  
wanted it  
to end

A bit

and  
you've been  
looking  
at this  
time?

Yuan

About  
a week  
ago

When  
did it  
disap-  
pear?

It was  
your voice  
if I'm not  
mistaken.

Then, I found  
myself in this  
park without  
knowing how.  
And then I  
found  
you...

I  
heard  
a voice.  
Somebody called  
me to help them.  
I was over-  
whelmed.

ENO

With  
somebody

That I  
feel at  
ease,

I believe  
that it is the  
first time...

We resemble each other.

Even  
worse...

She's  
a  
trick!

What do  
you have  
to say  
about  
this?

She  
got  
it!

I'm proud!

And  
they are

Look!  
Here!  
The foot-  
prints of  
a large  
dog

Those  
are  
huh?

I'm  
sure...

No!

But  
maybe  
they were  
left by  
some other  
dog

You're  
right

There are  
more frocks!  
He must  
have jumped!

Over  
there!

Look!

Only he  
could  
make  
such a  
jump!

More  
than five  
meters!

It only collapsed on the ground once fast it'll be okay

But you're caught in the park?

Me: I lost  
my mother  
someone caught  
me and kept  
and brought  
me here.

I read in  
the heads of  
the others.

I  
don't  
know

They are  
all like me

Nobody  
knows what's  
going on...

What  
is  
that?

There were  
only dogs who  
were caught, but  
now there are those  
that were taken  
from their  
homes.

It's as I  
thought, we  
need the  
aid of the  
original  
owner...

That's  
right!

Eh?

And how  
is "he"?

"Blood or dog? From lack of oxygen, tissue that is suffering  
operates a little as dogs" - researcher

*My name  
is Zor.*

The background of the  
page is a pattern of  
stars and stripes, the  
American flag, and  
the words "THE

written in a stylized  
font.

## CHAPTER 13 THE ESCAPE

You are a god...  
A god of dogs.

The  
Dog  
of  
Dogs

They said that they haven't caught any dogs that look like him.

Mapel

Any luck?

He's waiting for me somewhere, here, in Tokyo

Cell 23  
might have  
become our  
cathagout?

If it has opened  
the capacity of  
cardinal infection  
from the influenza  
virus, and if it  
get out

But, consider  
the number  
of mutations  
which could  
occur—

At the  
moment  
we don't  
have  
concrete  
data.

Imagine it!  
If that were  
to happen.

He'll develop  
a machine and  
have a  
monopoly...

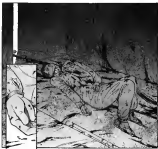

Because  
if I don't,  
Fumiko will be  
in danger!

who lost the  
park.

It's been  
planned  
since last  
of that.

There  
isn't  
any  
one  
there  
at  
all?

But a  
ghost  
was  
seen  
at  
that  
time?
